

Group Golf

At The Currie Park Golf Dome

Group golf classes here at the Currie Park Golf Dome will cover most of the basics. You will be taught the putting stroke, how to chip, pitch and hit the ball nice and straight. The major focus will be to get every student playing and enjoying the game by early spring on courses best suited to one's acquired skill level. Near the end of the series, each student's swing will be analyzed on video. The classes will be taught by Tom LaFond, a senior member of the PGA
